BENEFITS OF BELONGING

Simply put, diverse neutrals are hard to find. As minorities and diverse attorneys are underrepresented in this nation, the Association of Diverse Arbitrators and Mediators (ADAAM) provides opportunities to diverse members of the industry. Our goal is to build a network of talented alternative dispute resolution professionals who are passionate about DEI issues in the industry.

The ADAAM listing and membership provides you with a platform to reach clients who embrace diversity, equity, and inclusion as core values. Our membership is designed to provide you with the opportunity to:

- ✓

Expand your reach and attract clients.

ADAAM's partnership with The Gavel Nationwide Claims Defense Network gives members greater exposure to Fortune 500 companies across the nation and litigation professionals that source neutrals for claims resolution services. ADAAM promotes and connects diverse arbitrators and mediators to businesses and organizations that foster diversity and supplier initiatives. Your services will be advertised to a wide range of potential clients across the nation.
- ✓

Engage with other diverse members of the industry.

ADAAM brings together diverse neutrals into one single platform, building a sense of community, respect, and support to solve problems and improve outcomes. Along with team connection platforms and monthly roundtables, ADAAM connects arbitrators and mediators to create a collaborative, helpful environment.
- ✓

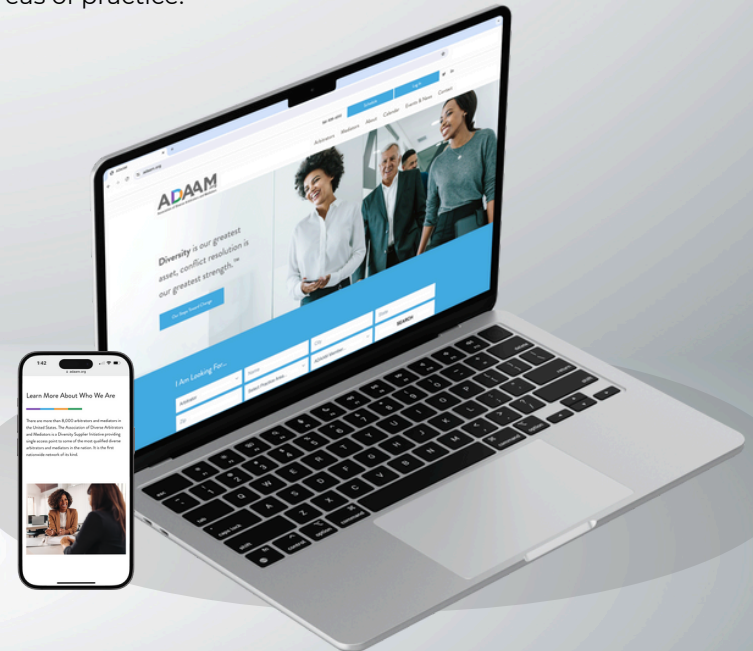

Stay competitive in an evolving digital world.

The digital world is rapidly evolving, and so are the ways we recognize achievements of professional development in the legal industry. The ADAAM listing increases your credibility amongst clientele. As an ADAAM Member, you have been recognized for your technical skills, specialized knowledge, ethical standards, and commitment to diversity as a diverse arbitrator and/or mediator. This recognition will enhance your credibility to your existing clients as well as attract prospective clients. Your recognition and status as a member of ADAAM will set you apart from your competitors.

Increase brand awareness and enhance your online presence and SEO.

As an ADAAM Member, your listing will include backlinks to your scheduling services, which will boost traffic to your website and increase your search engine visibility (SEO). By listing on ADAAM, you increase your online visibility and your chances of being found by potential clients searching for legal services. The ADAAM listing will also promote your other accomplishments and awards as well as inform prospective clients on your industry experience, education, admissions, and areas of practice.
